Expert Interviews: Are You Ready?

Ewa Stabulewicz – a Primary Education Teacher , a Librarian

1. How do you think can teenagers be encouraged to read literature?

I encourage children to read by making exhibitions of new books, I buy literature books. I also organize reading contests. The nearest one is in May. The contest is called "Życzenia dla biblioteki"

2. Is it true that children read fewer and fewer books?

Yes, it's true. Teenagers read fewer and fewer books. These are usually literature books.

3. What books do you like reading?

I haven't got any favourite book but I like reading criminal books.

Bernadetta Barczak- a School Pedagogue

1. Does work with teenagers and children happen to be difficult?

Yes, it does. Generally, work with teenagers and children is satisfactory, it gives a lot of satisfaction and evokes smile on my face.

2. Do you think pupils should have more attractions at school, for example, more discos, Sports Days, picnics....?

There is a Sports Day once a year. As far as other attractions are concerned, student government should get a chance to show what they can do.

3. In what way do you like spending your free time?

I like spending free time reading books very much. It's my hobby, my passion. However on summer and winter holiday I like travelling- it's my second passion.

Joanna Muszalska- an English teacher

1. Which subject did you like most when you were little?

English, Polish and P-E. But I must admit that for the first three weeks of learning English I hated it.

2. Do you like working with students in our school?

I love it. Children from our school are more obedient and polite than in the city. Work here is calm and pleasant.

4. Do you have hobbies? What?

Yes, I do. I like reading history books in English, I love various sports such as cycling, inline skating or skiing, too.

5. What is your favourite colour and why?

Blue, because it is the colour of my childhood and it is similar to the cloudless sky. When I was a kid I preferred blue clothes to pink or red ones.

6. What motivated you to become an English teacher?

First of all, I love children. I am satisfied that I can pass my knowledge to children. Work at school is calm and stable.

It is really THE END! Doda and Nergal are not together.

When a week ago in Warsaw, Adam Darski appeared, many things suggested that he can still come back to Doda. Today we know that it is impossible. As reported by our source:

They both tried to give themselves one more chance, but- simply- it did not succeed.

Although they experienced a lot together, they started to disagree. Nowadays, they are not in touch with each other. Adam returned to Gdańsk. There are not any of his clothes or things at Doda's house. At the moment there is no chance for them to come back again.

Apparently, the attempts to reactivate the relationship failed. Just last week ago the couple was together at a concert, they spent several evenings together. What now? Probably both of them will want to release the stress of the recent events. The best way is music ...

Sport

Everybody must admit that **Adam Małysz**'s career (as a ski jumper) was long and fruitful. I will not forget how much joy he gave all of us when he was an absolute dominator, but even later he was always in the top ten, and that's quite an achievement.

Three-time-winner of World Cup ski races, **Justyna Kowalczyk** said in an interview that she will have to let go one season to think about good results at the Winter Olympics in Sochi in 2014
